Corozo Button adopts plant dyes imported. Pure color 100% natural dye covers 7 natural colors from soil, which is said to have high repeatability and good light resistance, and can withstand at least 5 times of home washing. Color fastness is above grade 4. It is more mild and environmentally friendly.

METAL BUTTON FOR SUIT/COAT

Metal buttons are a very practical and attractive accessory that can add a special charm to various items.

The durability, strength, and stability of metal buttons are also excellent, and they can maintain good performance even under frequent use. The reusability and eco-friendliness of metal buttons are also advantages, as they can be reused and processed in a more environmentally friendly way, reducing negative impacts on the environment.

CERAMIC BUTTON FOR SHIRT

CERAMIC TEXTURE

The surface has a glossy ceramic texture, and the special shape adds a sense of sharpness to the button. This design is ideal for pairing with fashionable business shirts, as it seeks to find a balance between comfortable office wear and a stylish and aesthetically pleasing appearance.
